

Ranicalm Tablets

Uses

Symptomatic relief of heartburn, indigestion, acid indigestion and hyperacidity.

Dosage

Over 16 years: 1 tablet as soon as symptoms appear. If symptoms persist for more than one hour or return, another tablet can be taken. No more than 2 tablets in 24 hours. Not to be taken for more than 6 days without medical advice. For prevention of heartburn and indigestion associated with food and drink: 1 tablet half to one hour before eating or drinking. Not to be taken for more than 2 weeks continuously. Medical advice should be sought if symptoms get worse or persist after 2 weeks. Under 16 years: not recommended.
